

## Dracula Audition Call

Auditions for *Dracula* are coming this April! The show takes the stage in late October. We are seeking 13 actors (ages 20+) for a variety of roles. A more detailed character list is available on The Livery website. A later audition date will be held for the role of 'the child'.

Actors will be asked to have read over the scenes that are available on The Livery website in preparation for the audition.

About the play:

"England, late 1800s. Dr. Seward has lost the love of his life to a mysterious illness. Those in his close company are also beginning to exhibit strange behaviours, and a new acquaintance, Count Dracula, is seeming to be more of a foe than a friend. This adaptation by William McNulty is guaranteed to send chills down your spine, and get your blood pumping. Exactly what our Count Dracula would want."
